To Whom It May Concern:

Re: Castaway Developments Inc.

This will serve as a letter of reference for Ken Selezinka who has been our landlord while our employees have been working in the Gold River region since early this year.

Ken listens to and respects the needs of his tenants and has been more than accommodating as a landlord. He has gone above and beyond his duties to ensure that our crews are comfortable and have all the "at-home" amenities while they are working out in the field: basic pantry items in the cupboard, weekly housekeeping on our crew-change days, internet service for transferring our operational data as well as a work space in the house for our supervisors. He has even gone as far as performing renovations to accommodate our employees.

I would not hesitate to recommend Ken as a landlord.

With many thanks, we remain.

Yours very truly,
