

September 10th 2020

Ken and Carol,

We at Namdor Reinforcing Steel have had nothing but positive experiences at your rental property at 646 Dogwood Drive in Gold River. You two are fantastic hosts who went above and beyond to make our guys feel at home. Your organization with the detailed house inventory sheets, the house condition form, and the prompt billing was much appreciated. Thank you for your outstanding communication, kind demeanors, and perfectly clean home. We will be renting from you two in the future and we look forward to seeing you again next time we are in Gold River. It was a delight to use your rental services and I would recommend the property to anyone looking to rent a place in the area.

Thanks again,

Russ Fanucchi
