Re: 646 & 637 Dogwood Drive, Gold River

Dear Ken & Carol,

Thank you for hosting our crews during our work in Gold River over the past two years. We found your properties to be well-maintained, amply stocked and affordably priced. Our employees appreciated how clean the homes were kept and how easy it was to reach you when needed. Truly a "home away from home".

On the administrative end, information about the properties was thorough, communication was easy and invoicing was clear and concise. We particularly appreciated you being flexible in extending our stay as the project required.

We'd surely book your properties again for any future work we have in Gold River.

Kind regards,

Heather Clarke

Operations Coordinator
