Re: Gold River Housing Rental

Our Company, Little River Resources, rented from Ken and Carol for a year. We would not hesitate to contact them should the need arise again. They are excellent landlords who are professional and reliable. The house was in great condition, well furnished and cleaned on a regular basis. All necessities were present including washer, dryer, dish washer and a dry room.

Crews were pleased to only have to pack their gear and food for their shifts.

Ken and Carol work beyond the standard of care required to ensure their clients are well satisfied.

Thank you again for the accommodations,
