LETTER OF REFERENCE

March 15, 2024

To whom it may concern,

Flynn Canada had the pleasure of renting a house from Ken and Carol this past year while our employees were working out of town. The house was well maintained and came with everything that was needed, including cable, internet and telephone. This made the transition for our employees effortless! Ken was very diligent in keeping me updated and was an absolute pleasure to work with! Our team was very pleased with the housekeeping service and anything that needed attention was dealt with a timely manner. The personal touch really made our guys feel at home, with the house being decorated for them at Christmas!

I would highly recommend contacting Ken and Carol should you require a rental property in Gold River and we will definitely be in contact with them again should we require their services again in the future!
