

390 Station Rd Fanny Bay B.C VOR 1W0

Letter of Reference

March 21, 2024

CanWest Mechanical was pleased when we had the opportunity to rent a house from Ken and Carol this past year while working on a project in Gold River BC. We had heard great reviews from others who had rented from them before and they didn't disappoint. The house was well maintained and came fully stocked with everything the crews needed. Ken and Carol checked in often making sure everything was ok. At Christmas time they set up and decorated a Christmas Tree which the crew appreciated being away from home.

I would highly recommend Ken and Carol for a rental property inquiry if needed. We will be looking to them should we require a rental in the future.
