Re: Reference for Ken Salezenka

To whom it may concern,

Adept Vegetation Management Ltd. has rented accommodations from Ken Salezenka for our field crews during various projects.

Ken has always been professional, reliable, and a pleasure to work with. The accommodations he provides are clean, comfortable and well maintained, giving our employees a great place to stay while working away from home. Knowing our crews have quality accommodations allows us to focus on our work with confidence.

One of the things we value most is Ken's hospitality and attention to detail. He takes pride in his properties and works hard to ensure his guests are comfortable. He is always approachable, quick to respond, and willing to help whenever needed, making every rental experience straightforward and stress-free.

We would not hesitate to recommend Ken Salezenka to any company or individual looking for quality rental accommodations. We appreciate the excellent service he provides and look forward to continuing our working relationship with him.

Sincerely,

Randy Moore
Owner / Operations Manager
Adept Vegetation Management LTD.
